

Performance X Series

Xilence LiQuRizer LQ360PRO.ARGB

The all-in-one liquid cooling system LQ360PRO.ARGB is the perfect companion for gaming adventures with the highest performance demands. With a TDP of 350 watts, it's capable of cooling even highly heated CPUs without any loss in performance.

Thanks to the Quick-Mounting-System, installation is easy and fast. It supports all current CPUs from AMD and Intel.

The design of the liquid cooling system features an elegant black metallic look. The square pump head, equipped with a large, powerful copper cooling plate and subtle ARGB lighting, integrates seamlessly and adds a stylish touch. The elegantly sleeved, flexible black hoses can be comfortably routed within the case in any configuration.

The fans of the LQ360PRO.ARGB ensure smooth operation even during intense gaming sessions. Only a barely noticeable whisper of the cooling airflow can be heard. The embossed logo on the fans complements the metallic look, emphasizing the elegance of the liquid cooling system. The ARGB lighting of the fans makes the PC shine in the selected colors, captivating with its fluid and vibrant display of colors.

*Optionally, Fluid Dynamic Bearing (FDB) fans (XPF120FDB.B.PWM | XF082) can also be mounted on the radiator.

Product Features

- Elegant black design in a metallic look
- Multi-socket brackets for both AMD and INTEL
- Quick Mounting System
- Flexible hoses for versatile installation
- Large copper heat spreader and high-performance radiator
- Illuminated ARGB pump head with a 3-pin connector
- XILENCE ARGB PWM fans

Performance X Series

Technical Data

Sockets	AM5/AM4 LGA1700/2066/2011/1151/1150/1155/1156/1200
CPU max. Watt	350W
RADIATOR	
Size radiator	397 x 520 x 120mm
Size waterblock	72 x 72 x 54mm
Tube length	400mm
Material radiator	Aluminium
Material cold plate	Copper
PUMP	
Speed	2100 ± 10% RPM
Noise Level	25 db (A)
Current Input	0.36 A
Bearing Type	Ceramic Bearing
ARGB-Plug	Female ARGB 3PIN (5V ARGB)
FAN	
Fan Size	120 x 120 x 25mm
Fan Speed	500 - 1800 ± 10% RPM
Bearing Type	Hydraulic bearing
Air Flow	77.43 CFM
Fan Control	PWM
Noise Level	18 - 32 dB (A)
Max. static preassure	2.31mm H ² O
Thermal Paste	included
Current input	0.32 A
Fan-Plug	4PIN
ARGB-Plug	Female ARGB 3PIN (5V AURA)
Weight	1.853 kg

Logistical Data

Manufacturer Number	LQ360PRO.ARGB
Item Number	XC987
EAN Barcode	4044953503665
