2x USB-C + USB-A
Charging

165W Power
Delivery

Fast Charges Laptops,
Phones & Tablets

1m USB-C Cable
Included

Portable Power for Professionals

With the ALOGIC Rapid Power 165W Car Charger in your car, you can keep even the most power-hungry USB-C devices charged throughout the most demanding day.

Whether you have a big screen laptop that needs to stay on all day, a performance laptop for crunching data on the go, or a gaming laptop you're using to show off your firm's latest architectural masterpiece, the charger's main USB-C port's 140W output is more than enough to keep it charged – or fast-charged, when using with 13-15" general-use laptops.

When you simply can't afford to let your ability to work on the road go flat, the Rapid Power 165W Car Charger is the best-in-class, zero-compromise solution for staying charged.

Fast Charge up to Three Devices with 165W

There's no need to choose which ailing device needs power most with the Rapid Power 165W Car Charger's two USB-C Ports and USB-A port.

The charger can deliver 100W + 35W + 30W of power when you have three devices plugged in, more than enough to fast charge most laptops, alongside two smaller devices such as:

- Phones,
- Tablets
- eReaders
- Portable gaming systems
- Wireless earbuds
- 13" Ultrabook Laptops, (MacBook Air)

USB Power Delivery Technology

Our Rapid Power Chargers use the latest USB PD (Power Delivery) technology which allows the charger to automatically select the most appropriate power output to suit each device and charge them safely, with robust protections against overheating and overvolting your devices. Most modern devices, including laptops, support USB PD.

It also supports Qualcomm® Quick Charge™ to deliver fast, safe charging to older devices, including those with Micro USB or Apple's Lightning charging ports, when a suitable cable is used.

Connectivity

Input: DC 12-24V

Output: **USB-C1:**
5V3A, 9V3A, 12V3A, 15V/3A,
20V/5A (MAX:140W)

USB-C2:
3.3V-11V3A, 5V3A, 9V3A, 12V2.92A,
(MAX:35W)

USB-A:
5V/3A,9V/3A,12V2.5A (Max: 30W)

Three Device Charging:
100W + 35W + 30W

Physical Characteristics

Product Dimensions: 84 x 43 x 45mm (L x W x H)

Colour: Black

Weight (Product): 95g

Device Compatibility

Suitable for high-power USB-C devices (up to 140W) and USB-A (up to 30W) including:

- Phones (Apple iPhone, Samsung Galaxy, Google Pixel)
- Tablets (iPad, iPad Pro)
- Portable gaming systems (Nintendo Switch, Steam Deck)
- Laptops, including high-performance and gaming laptops, Apple MacBook Airs and MacBook Pros

Package Includes

Rapid Power 165W Car Charger
1m USB-C PD 240W Charging Cable
User Manual

Warranty

2 Year
