Dual Rail LCD PS/2-USB Console

ATEN CL5800N rack console 48.3 cm (19") 1280 x 1024 pixels Metal Black 1U:

- The CL5800 is a LCD KVM console featuring an integrated 19" LED-backlit LCD panel, a full keyboard, and a touch pad in a 1U rack-mountable sliding housing.
- The CL5800's LCD and keyboard/touch pad modules slide independently of each other. To maximize space in your data center, the keyboard/touch pad module slides back to "hide away" when not in use, while the thin profile LCD monitor rotates back - flush against the rack - allowing convenient monitoring of computer activity.
- For added convenience, ports for an external PS/2 or USB keyboard and mouse as well as a monitor are provided on the rear panel.
