

InLine® KVM Switch, 2-port, USB-C + HDMI to HDMI, 4K, with audio, integrated cable

* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: INL

Bestell-Nr.: 62614I

The InLine® 62614I Cable KVM Switch allows you to control a PC with HDMI2.0 interface and a PC with USB Type-C interface, including 2 sets of fixed KVM cables (1x HDMI/USB-A/Audio/Mic & 1x USB Type-C/Audio/Mic combo cable). The console port offers for instant switching action, it has got a wired Quick-Switch Button - just a mere flip on the button and it switches to the other computer.

The two USB 2.0 keyboard and mouse ports are USB hub ports that feature full driver support for advanced keyboard/mouse function. In addition, they can also be connected to other high-speed USB devices such as USB disk storage, etc.

- 1x wired QuickSwitch! Button for instant switching at the touch of a button (1.5m)
- 2 integrated 1.2m KVM cables, video/audio/microphone combination cable with USB-C and HDMI + USB-A
- PC connection (video interface and USB): PC1: HDMI + USB Type-A / PC2: USB Type-C
- Console connection Video interface: HDMI socket
- Console port KM interface: 2x USB type-A socket for keyboard and mouse
- 3.5mm audio connectors for audio (speaker and microphone)
- Supports screen resolution up to 3840 x 2160 / 4K @60Hz
- Video interface HDMI 2.0 compatible
- USB 2.0 hub ports for keyboard, mouse or other high-speed USB devices
- Independent/simultaneous switching of PC and audio channel
- User-definable hotkeys and universal hotkey for computer changes

- USB bus powered, no power Note: The computers connected to USB-C must support the USB-C DisplayPort Alternate Mode for operation. The switch converts internally to HDMI.
