Gorilla Family

schleich WILD LIFE Gorilla Family:

In the heart of the jungle, a mother gorilla watches her little ones discover the world around them. There's so much to explore! This set of three schleich® gorilla figurines captures the love between a mother and her children in beautiful detail. So realistic, even Mother Nature can't help but smile.

Leaning forward on her arms, the gorilla mom stands by her little ones and watches carefully to make sure they are safe. One of the baby gorillas is probably still a bit tired. It sits on the ground gazing around sleepily. Maybe it's time for a little nap. Its sibling is much more active: trying to stand, crawling on all fours through the jungle and even climbing onto its mother's back. There are so many different games to play with this lifelike lowland gorilla family. Maybe the cute babies will grow up to be big gorillas in your playroom someday?
