schleich Dinosaurs Kaprosuchus:

The movable jaw of the Kaprosuchus from schleich® DINOSAURS contains long, protruding teeth that gave it a powerful bite.

The Kaprosuchus from schleich® DINOSAURS was named after its teeth and head shape: its name means "boar crocodile." The animal lived in the Late Cretaceous period, probably primarily on land where it hunted small animals. So far only one skull of the animal has been found in the Sahara, so scientists can only guess at its actual appearance. It's estimated that the dinosaur was around 6 m long. schleich Dinosaurs Kaprosuchus. Recommended age (min): 4 yr(s), Theme: Conquering the Earth, Dinosaurs and volcano, Product colour: Multicolour.
