The Land Rover Defender in the fire engine version is ready for demanding missions on any terrain - whether steep mountains, deep ravines or rough roads. With its metal body, the robust plastic chassis and the sporty rubber tyres, the Defender masters every path safely, whether in the garden, on the playground or in the collection. The paintwork and silver rims give it an unmistakable look, while the clear-glass sunroof provides a clear view of the vehicle's interior. The headlights and rear lights are faithfully reproduced, and the spare wheel at the rear emphasises the vehicle's operational readiness.
